## PERSONAL STATEMENT

As a truly global citizen, who has lived, studied and worked in three continents (the Asia, the Oceania and the Europe), I have a really strong global network together with my perspectives and perceptions of different cultures, people and nationalities. Moreover, the knowledge from different education systems; from New Zealand for my bachelor to Czech Republic for my master as well as the experience I have been obtaining from different fields, ; this would be a great contribution to your company's benefit. Furthermore, my characteristics and lessons I've been learning not only from schools also from practical world, help me to demonstrate my professional manner, excellent customer service, positive approach to challenges and changes to support my application.

Above all, my Can-Do attitude will definitely contribute to the excellent output of your goals!
